DOKUMENTINDHOLD

Dokumentet er en transkription af det originale brev fra Elza Miles til Ernest Mancoba. Det handler om den sydafrikanske regerings ønske om at kommissionere Ernest Mancoba som regeringskunstner, først til Empire Exhibition (Johannesburg 1936). translated 2025-02-07

TRANSSKRIFTION

(transcription by W. Sze)

6 February 1936

Van Warmelo to acting Commissioner of Native Affairs in Cape Town

"...we require a number of models of Natives and cattle for our exhibition. The cutting gave us the idea that Mancoba might be a suitable person to supply us with these. I should be glad if you could sound him as to whether he might be prepared to come to Pretoria in the near future (say 1st Apr) to do this work. At present we have a vacancy for a Native storeman at £5 per month maximum & it is thought that if Mancoba could do all this carving in his spare time it would be possible to offer him this position. This would have the advantage that he would remain in fairly good permanent employment. If, on the other hand, he should require all his time for carving, he would be paid approximately the same rate, but his employment would cease with the commencement of the exhibition, though it will no doubt be possible to find some other position for him after that. Should he agree he would of course be supplemented with a Rail warrant.

In view of the urgency of this matter, I shall be glad if you will give it your early attention"

(newspaper cutting enclosed)

6 February 1936 Van Warmelo to acting
Commissioner of Native Affairs in Cape
Town

"... we require a number of models of
Natives and cattle for our exhibition.
The cutting gave us the idea that
Mancoba might be a suitable person
to supply us with these. I should be
glad if you could sound him as to
whether he might be prepared to
come to Pretoria in the near future
(say 1st Apr) to do this work. At
present we have a vacancy for a
Native storeman at £5 per month,
maximum & it is thought that if
Mancoba could do all this carving in
his spare time it would be possible
to offer him this position. This would
have the advantage that he ~~would~~
remain in fairly good permanent
employment. If, on the other hand, he
should require all his time for carving,
he would be paid approximately the
same rate, but his employment
would ~~express~~ cease with the com-
mencement of the exhibition, though
it will no doubt be possible to find
