Dear friends  
Thanks for your descriptive card  
and greetings that you sent from Italy.  
I felt very refreshed and longed even  
more that we get together to hear you  
telling more about your trip which I am  
sure you have enjoyed much.

Things are rather steady with  
me although presently I am hurrying to  
get through a couple of paintings to  
send out to America in about a week's  
time, after which I hope to jump over  
for a chat.

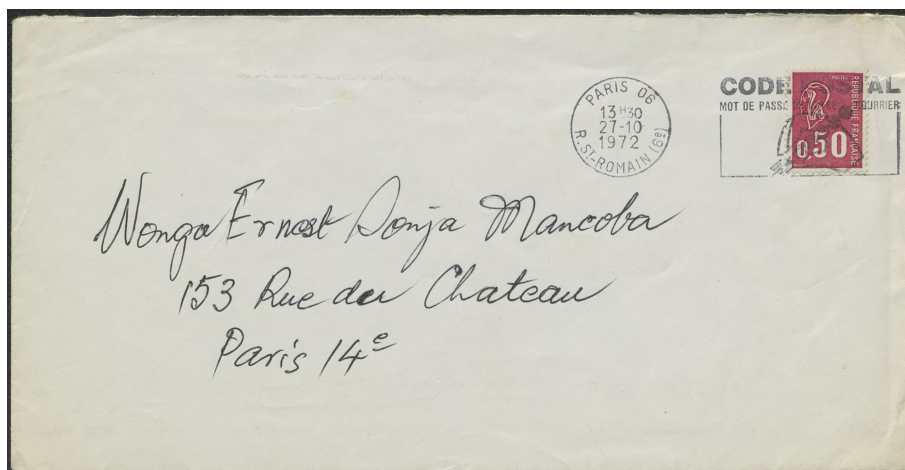

My friend is still the same - even  
worse because of her sight. She can hardly  
read or write!

Hope the plans of all three are  
coming along smoothly.

Love  
Gerard
