TRANSSKRIFTION

[addressed to: Bridget Thompson, film maker and director of Arts Ubuntu Trust]

[postmarked:3 Aug 1994]

Dear Ernest & Wonga,

I can hardly believe that I have been to Paris, met you, filmed you & returned. I stopped in Jo'burg to show Elza. She is happy – it was all quite beautiful & overwhelming & indeed a great priviledge. To use your words truly incredible & formidable. I saw Govan [Govan Mbeki] last night and he is very happy. I phoned Jane [Janub Gool] but she was out at the library. On Saturday we start putting everything together – I so look forward to your return to SA.

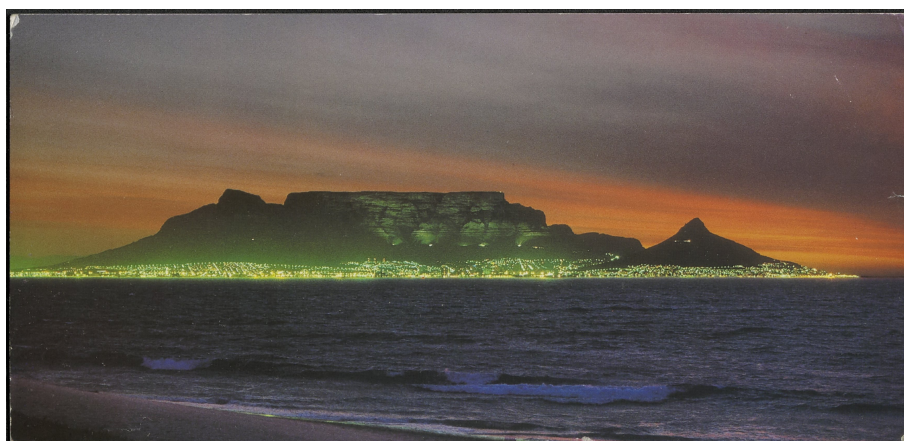

Thank you for everything, fondest regards

[signed: Bridget]

P.S. sorry we rushed off, we just made the plane, video shop etc.
