### RESUMÉ

Denne Mancoba-dagbog dækker Mancobas første måneder i Paris. Han er indskrevet på L'École Nationale Supérieure des Arts Décoratifs i Rue d'Ulm. Han har fået venner med den danske keramiker Christian Poulsen, som han forkorter til "Xtian", samt forskellige andre studerende, som han forskellige steder identificerer som "Pultzer/Pulzer/Bulzer", "den algeriske", "Chargo/Chago" og "Roser" (blandt andre). Han har et besøg med en sydafrikander identificeret som "Mall". Dagbogen slutter sandsynligvis i slutningen af december 1938 eller januar 1939. translated 2025-02-06
